Upload WAV Sound to OM50G

1. Upload the rename userxxxxx.wav as per created in Text-To-Speech.
2. To upload the voice message into OM50G. Select "Basic" button, then Audio file, upload greeting.

The screenshot shows the OM50G Admin interface. The navigation menu includes 'Status', 'Basic', 'Extension', 'Trunk', 'Multi-site', 'Application', 'Advanced', 'Security', 'System tool', and 'Log'. The 'Basic' tab is selected. Below the navigation menu, there are tabs for 'Network', 'Dialing rule', 'Auto attendant', 'IVR', 'Audio files', and 'Remote access'. The 'Audio files' tab is active. In the 'Audio files' section, there are buttons for 'Upload color ringback tone', 'Upload greeting', 'Text-to-greeting conversion', and 'Recording via phone'. Below these buttons is a table with the following data:

File name	Type	Music on hold	Audit
fring2	Color ringback tone	<input type="checkbox"/>	
NewMorning	Color ringback tone	<input checked="" type="checkbox"/>	
user-hello	Greeting	<input type="checkbox"/>	

Below the table, there is a red text message: "To simplify the procedures of uploading greetings or color ringback tones, and obtain high quality Text-to-Speech solution, please install Telegreeting software. [Download](#) and install Telegreeting now. After the installation is completed, please refresh the page by pressing F5."
